

HAPWOOD.
BY HOWELL

NO CUPPING. NO GAPPING. NO PROBLEM.®

WARRANTY

We offer the industry's only warranty against seasonal movement.

MADE IN USA

Our flooring is made in the USA with materials harvested in the USA.

REPUTATION

Less than 1 claim per million square feet over the last 25 years.

UNIQUE

Our unique 5 step manufacturing process is what sets us apart.

EXPERIENCE

We are the oldest continuous site-finished engineered flooring manufacturer.

ENVIRONMENT

We use fewer trees per floor from sustainable, renewable resources.

WHY CHOOSE HAPWOOD®?

EXPERIENCE

The Hapwood® product line's roots go back four generations. H.C. "Hap" Howell, was the founder of Howell Hardwood Flooring's parent company over 75 years ago. Harry Howell, Jr., continued to build on the same foundation, and today Clay and his son Hap carry on the family legacy.

There's a reason that Hapwood® is the oldest continuous unfinished engineered flooring product line on the market! It begins with our excellent partners - our suppliers, our well-trained staff, and our customers. We began manufacturing Hapwood® 25 years ago with a desire to be excellent and always improving.

So whether it's for new construction or remodeling, you can count on time-tested quality with each and every board.

Hapwood® by Howell- Ask for it by name.
